Attendance and Truancy Policy School Year 2022

I. PURPOSE AND SCOPE

DCPS seeks to become an anti-racist school district that is trauma-responsive and aligned to a whole child approach that supports educators in meeting each child, person and virtual students unless specifically stated otherwise.

II. AUTHORITY AND APPLICABLE LAW

District of Columbia	

III. KEY TERMS AND DEFINITIONS

Absence means a full or partial school day in which the student is not in attendance during scheduled periods of instruction and is not in attendance at a school-approved activity that constitutes part of the approved school program. DCPS differentiates between excused and unexcused absences, as explained further in this policy below.

Absenteeism means a pattern of not attending school, including the total number of school days within one school year on which a student is marked with an excused or unexcused absence.

Attendance Action Plan means a written document that is designed to meet the individual and

excused.⁸ Written notes may be submitted via email, text messages, and other written electronic communications. Upon receipt of appropriate notification and additional documentation where necessary within the five-school day period, schools must update absences as excused within 48 hours.

- Take Out Children to Work Day and
- Religious events or celebrations outside of a religious holiday (up to five cumulative days school year)

The following absences may also be excused with written documentation from the parent, as verified by the school:¹

For students who are required to quarantine but not at the direction of DCPS (e.g., because a family member tested positive for COVID-19 and they were contacted by a contact tracer), the parent/guardian must provide written documentation of the quarantine. The written note must include the date of COVID-19 exposure; the length of time the student has been directed to quarantine by a medical professional or contact tracer; and known, identifying information for the medical professional or contact tracer.

For families who have not been directed to quarantine by a contact tracer or medical professional who have determined on their own that a student should quarantine (e.g., because the student was potentially exposed to COVID-19 or has traveled outside the District of Columbia, Maryland, Virginia (DMV) area), the parent/guardian must consult with a medical professional to confirm the recommended length of quarantine or provide a COVID-19 test result administered 3 days after the potential exposure.

D. Immunization and Attendance Requirements

To attend school in the District of Columbia, including public, private, parochial, and independent schools, students must be immunized in compliance with DC Health's requirements.^{23,24} DCPS does not establish vaccination requirements but must verify that all students comply with these requirements.

2. Other Activities

Students participating in DCPS sponsored events, field trips, or study abroad travel during the regular school day are considered present.

Appendix A: Virtual Instruction for Medically Eligible Students

At the start of school year 2021-22, DCPS will offer virtual instruction for a limited number of students who meet medical eligibility requirements. Additional information about virtual instruction, including eligibility requirements, can be found <https://dcpsreopenstrong.com/sy22/virtual/>.

Medically-eligible students accessing virtual instruction will be required to attend daily synchronous (i.e., live) instruction with their assigned teachers according to their course schedules. All relevant sections of this

Appendix B: Temporary Remote Learning (including Quarantine)

With evolving health guidance and changing health conditions, there may be times when individual students, groups of students, entire classes, entire grades, or larger numbers of students may need to quarantine or otherwise need to participate in learning remotely.

If the need to quarantine or participate in learning remotely is determined during a school day, the school will send devices home with students. If the need to quarantine or participate in learning remotely is determined outside of school hours, the school will determine on a student basis how to arrange for a safe device pick-up or hard copy material pick-up/drop-off.
