

DCPS launched a redesigned credit recovery program in School Year 2018-2019 to ensure that all students have the opportunity to succeed and are held to rigorous standards of excellence. Through the new credit recovery program, students have access to individualized, competency-based courses that are aligned to DCPS curriculum standards. These courses enable students to progress at their own pace through content that they did not master in their original course to earn course credit on their path to graduation.

Why did DCPS change its credit recovery model?

How did DCPS gather feedback from stakeholders?
